Dear Laboratory Manager:

Your fiscal year 2025 (FY25) laboratory certification renewal application has been processed and a Certificate and Annual Certified Parameter List (ACPL) that reflects the current status of your facility are enclosed. If there are any discrepancies, please contact your Laboratory Certification Officer to verify information and make arrangements for a new ACPL. If the Office of Quality Assurance (OQA) does not receive documentation of any discrepancies before July 11, 2024 this ACPL will be considered final and any changes received thereafter will be treated as a modification application.

Effective with receipt of this letter, your facility's ACPL is valid through June 30, 2025. Both the Certificate and ACPL shall be conspicuously displayed at your facility in a location on the premises that is visible to the public.

As always, we are available to discuss any comments or questions. Please do not hesitate to contact your laboratory certification officer or me.

Sincerely,

Michele M. Potter
Manager
